### BULLETIN OF THE MONTH

Where and How to Get a Farm: Some Questions and Answers  
Leaflet 432

This new publication gives brief, authoritative answers to questions on finding farmland, getting information and advice, and financing the farm.

### FARMERS' BULLETINS

16 plants poisonous to livestock in the Western States. (F 2106.) 49 p., illus. Agricultural Research Service. Price 35¢. This new bulletin describes 16 plants that are poisonous to livestock in the Western States, gives disease symptoms and treatment for animals, and suggests various ways to reduce livestock losses.

Annual lespedezas: Culture and use. (F 2113.) Supersedes F 1852 and L 240. 16 p., illus. P. R. Henson and C. H. Hanson. Agricultural Research Service. Price 10¢. This new bulletin includes varieties and cultural methods of annual lespedezas grown for hay, seed, pasture and soil improvement.

### LEAFLETS

The price of milk. (L 409, revised.) Folder, illus. Agricultural Marketing Service. Price 5¢. This revised leaflet points out the relationship of the farmer's share to the consumer's price for milk and outlines the marketing costs involved.

Where and how to get a farm: Some questions and answers. (L 432.) Supersedes L 299. 8 p., illus. Agricultural Research Service. Price 5¢. See above.

Compiled by Eleanor W. Clay, Office of Information.

PUBLICATIONS FOR SALE ONLY, SEE HOW TO ORDER ABOVE.

### MOTION PICTURES

The Motion Picture Service, Office of Information, U. S. Department of Agriculture, produces and distributes motion pictures on subjects with which the Department is concerned. They are both sound and silent and are released in 16-mm. and 35-mm. widths. Films in the 16-mm. size are available from State film libraries; 35-mm. films are available only from Motion Picture Service. They are lent for educational purposes to groups and organizations or may be purchased outright. Prints of Department films may be obtained from 73 cooperating film libraries in the 48 States, the District of Columbia, and the Territories of Alaska, Hawaii, and Puerto Rico.

**BACK THE ATTACK ON BRUCELLOSIS.** 16-mm, sound, color. Running time, 27½ minutes. Released 1958.

Shows how one farmer discovered disease in his herd of cattle, the action that followed, and the organization and functioning of a County Brucellosis Committee. Damage caused by this easily-spread disease, its symptoms, and plans for its control and eventual eradication are reviewed. Use of the B. R. T. (Brucellosis Ring Test) for locating herds that are probably infected is graphically portrayed. The picture ends on a high hope, with figures showing a reduction of infection from 10% in 1935 to less than 2% and more than a 50% reduction in the \$100 million cost of the disease to the livestock industry in 1947. **TV cleared.** (Available for loan from all film libraries. Inquire of Motion Picture Service for purchase information.)
